

EXCELLENT TREAT IN STORE FOR THE PEOPLE

It is not always an exhilarating experience for a Chautauqua manager to be obliged to sit on a platform all afternoon and all evening day after day and hear much that he has already heard, or read, and so, when I say that I am looking forward with pleasure to hearing again at La Grande nearly everything I have just heard at Reno, I have said about the best thing possible about the talent. This statement was made by Rev. F. G. Brainerd today, who further said: "Nearly everyone we had at Reno is at our Ogden Chautauqua program and judging the others by those I have heard we certainly have made a tremendous strike in our program for this year."

The Chicago Glee club does the most captivating male quartette work I have ever heard, and I have heard the old Temple quartette of Boston and others of that quality. The Glee club have sung without a change of personnel for 15 years. They are the only professional trombone quartette on the platform. They put on this week about 150 selections without use of notes and without repeating a number. They certainly are great.

Mr. Platenberg captured the business men and all town boosters. He told more about community loyalty, town building, trading at home and home opportunities than I ever before heard crowded into the time limit. He has an array of facts that makes one sit up and take notice.

Count Loewitzky's thrilling story of Russia and Siberian exile and escape is one of the very big things on the Chautauqua platform today. He has a charming personality and his story makes a tremendous impression. A. H. Davis, the cartoonist, made a great hit. He gave us one of the most enjoyable evenings of the entire course. He is a real artist and his comments, as he draws his pictures, are mighty apt and worth while. You will certainly be greatly pleased with him.

"Miss Maude Willis is a revelation. She has the most luminous countenance I ever saw and her readings and impersonations are wonderful. You cannot say too much in praise of her. Her reading of the 'Fortune Hunter' was a classic. I hope every ticket holder will hear her in Ogden."

Miss Maude Stevens I had last year on the program at The Dalles. I have already told the board how fine she is. She will capture the children and their parents. She will be a splendid successor to Miss Lambkin for the children's story and play hour. You will like her prelude work also. She has made a specialty of child impersonations and has become known on the Chautauqua platform everywhere.

"Dr. Herbert I will have on the LaGrande program July 4-5 and I will write you from there about him. If what others tell me is true he is something big."

Our Ogden program this year ought to be the very best we have ever had and if the people will give it their generous support it should put us on a pay out and permanent basis."

order. This has been found necessary owing to the fact that, while the local carriers may know where certain business houses are located, some of the mail for certain districts is worked on the trains and if the street and number is not given many delays are caused.

Real Estate Transfers

The following real estate transfers have been placed on record in the county recorder's office:

William Burk to E. F. Bratz, lots 9, 23, 24, 25 and 26, block 29, Nob Hill addition, Ogden survey; consideration \$150.

Byrda S. Corn and husband to Harry W. Todd, a part of lot 7, block 29, plat A, Ogden survey; consideration \$25.

HELENA PLAYERS ARE TO ARRIVE HERE TOMORROW

The Helena baseball club is to arrive in the city tomorrow morning for the week's series with the Canons. It is expected that the series will be a hard fought one as the local team realizes that it will be necessary to win the entire six games to insure the bringing of the pennant for the first half of the split season to Ogden and the players are determined to put forth every effort to win.

Rustenhaven will probably be sent to the mound in the first game by Manager Glimin, with Ray Ames the most likely choice of the Vigilante manager.

The members of the Boise club have evidently fallen under the spell of the Ogden canyon. A number of them are spending the day in its sylvan depths enjoying themselves to their heart's content. The club will go to Salt Lake tomorrow morning.

According to a current rumor it is not unlikely that the Murray franchise would be sold to Pocatello before the opening of the second half of the season as that club is now on the "rocks" in a financial way.

PEN AND INK EXPERT IS WINNER OF A PIANO

Prof. J. D. Howell of the Utah Agricultural college, came down from Logan this morning, called here by the Glen Bros.-Roberts Piano Co., to make his choice of the \$500 piano in their store. His choice is to be the first prize in a contest which that company recently conducted for persons wishing to write an advertisement for their firm. The professor was unanimously chosen the first prize winner, and received congratulations from the firm for his unusually good work.

The work by Mr. Howell was done with pen and ink in a form of penmanship known as German Texting. While in England, before coming to America, he learned this art and won several prizes. The famous educator, Verne Foster, praised his work highly and encouraged him to make a specialty of that form work. As instructor in the commercial department of the State Agricultural college he will give a course in decorative penmanship and designing as a branch of commercial penmanship. This is his first year at that institution and his friends are predicting wonderful success for him.

Foreign Residents in Mexico City Make Final Plans For Defense.

Mexico City, June 29.—In view of the existing condition in Mexico, Sir Lionel Carden, the British minister today advised all the British subjects to leave the country. He said that the shortage of fuel used in the operation of trains was growing more acute daily and that the trains probably soon would stop running, which would make difficult the departure of persons from the interior.

Veracruz, Mexico, June 29—The fear that the spread of disaffection among the Mexican federal troops might result in an uprising in Mexico City caused the British residents there to hold a meeting on Saturday night to arrange final plans for the defense of the concentration district.

British refugees who arrived here today and who had attended the meeting, said the general opinion expressed there was that Provisional President Huerta's hold on the situation in the capital was wavering and many predicted an uprising or a revolt of the federal army within a week or ten days.

Federals in Revolt. Some of the refugees declared the federal defeat at Zacatecas to be partially due to the revolt of \$500 federal soldiers under the command of General Medina Barron. These men

are said to have fired on their own comrades.

GREAT COFFER DAM GIVES WAY

St. Paul, Minn., June 29.—The large coffer dam on the government works in the Mississippi river just above Fort Snelling broke under pressure of high water this afternoon. United States engineers immediately notified the St. Paul police department and a number of automobiles were dispatched along both sides of the river to warn residents of the lowlands. A section of more than 80 feet of the coffer dam was washed out. The river for several days has been with in about four feet of a flood stage and it was feared that the crest of the flood from the broken dam would send the river over a wide area of lowlands, including the site of a large colony in St. Paul.

Topeka, Kan., June 29.—The Kansas wheat crop is 154,000,000 bushels, according to a report issued today by F. D. Coburn, secretary of the state board of agriculture, showing the condition of winter wheat is 38 of a full crop, based on an acreage of 8,873,000. The crop is 60,000,000 bushels greater than any previous Kansas crop.
